

PYE BANK CE PRIMARY SCHOOL | WEEKLY FAMILY NEWSLETTER

SUMMER 1 | WEEK 4 | FRIDAY 10TH MAY

A message for our Year 6 Pupils...

Dear Families,

Next week, the Y6 pupils will be taking their KS2 SATs tests. You will see from the calendar that we also have other statutory tests coming up in the next month. Year 1 will be doing their phonics screening and Year 4 have their Multiplication Times Tables Test.

Here at Pye Bank, we do think that tests are an important measure of a child's learning achievements and we support the children to work hard to do their very best in these tests. However, I want to take this opportunity to remind our Year 6 pupils that we don't just measure your progress through tests, but in how you treat others, your attitude to learning and how you have developed in confidence. Many of you excel in areas that are not tested, such as sports, music, art and drama. These are just as important. We are proud of you for all of your achievements this year and throughout your time at Pye Bank. You will shine next week, but you have shone all year! Mrs Kurcewicz, Headteacher

MENU

Fuel your afternoon with a healthy school lunch from Mellors

- MEAT FREE MONDAY
- 5 OF YOUR 5 A DAY
- CHEF'S CHOICE

Extended School Provision: The government has recently announced its ambition for every parent to be able to access wraparound childcare between the hours of 8am and 6pm. We do not currently offer after-school childcare as it is something we have tried in the past with little take up from parents. However, we would reconsider this if there were enough interest from parents. Sheffield City Council are currently gathering parent views. If you would like to have your say, please click [here](#).

A Spotlight on... Super Sculpture!

In this section, we celebrate a particular event, achievement or area of the curriculum each week.

The whole school focus in art this half term in sculpture. The children have spent the first few weeks exploring their medium and practising skills in order to design and create their own sculpture. We'll share the finished sculptures with you at the end of term.

Year 1 using plasticine to practise using their hands and tools

Year 2 using clay to create different patterns and shapes

Foundation using tools with Playdoh

Let's Celebrate!
